The Deputy Commissioner,

Sir,

I beg to state that the outbreak of Plague, at Dommasandra and Sarjapur already reported, has become indigenous. There were 2 deaths at Dommasandra and 1 death and 2 fresh attacks at Sarjapur owing to the forenoon.

2. Isolation of patients and Segregation of the members of the houses in which deaths have occurred are to be carried out in several cases in the same houses as no accommodation is available elsewhere and a few sheds put up by the villagers are not of much use for the purpose. Sufficient number

of the sheds cannot be put up for segre-
-gating, or accommodating the persons
whom I have been advising to
evacuate the infected sheds. Some
are not in a position to put
up their own sheds and there
again being widows and children
devoid of their ordinary means
of livelihood cannot afford to
spend for the sheds. They cannot
be compelled to go out and
live in open air as it has been
raining.

3. The Mahomedan Communi-
-ties in both the places try
to keep secret the seizures. I have
explained to them in company
of the Police Inspector, who belongs
to their own class, the injurious
result which such act may pro-
-duce pointing out some glaring
instances which occurred at their
doors.

4. I have been getting some of the
patients treated with Abrahams
Pandithars medicine supplied to
me and will report the result
in due course.

5. Finding out the seizures.

With reference to your Docket No 6394 Dated 30th Jany/99 Concerning the additional disinfecting Staff applied for, I have the honor to point out that the requisition was originally made in October last.

Since then plague increased very

very much in the District, though as stated in your letter under reference it is abating at present. At the time when plague was at its height in some of the Talukas of this Dist. notably Chennapatna, Anekal & Hoskote the Amildars of those Talukas wrote that they were unable to cope with all the additional work with the Staff then sanctioned, accordingly as the matter was urgent one they were instructed to employ what more coolies they wanted and pay them their wages

Why were no sanction was not received

I have the honor to answer as follows:—

In Punjab where who supervises?

The establishments is supervised by the Amildar who is the Chief Plague Officer for the taluk and by the District Plague Officer.

2. The Plague Inspectors submit daily diaries of the work done by them, Villages patrolled, cases discovered, disinfection done, segregation carried out etc etc. These are sent through the Taluk Plague

Do they any thing show nature extent of work turned out. Any check maintained?

Plague Officer and checked by the

Dist. Plague Officer who issues

instructions on them if necessary.

3. Vide answer to 2. Plague Inspectors are employed in supervising disinfection work.

Q. What work on P.I. & A.P.I.'s on show that they are employed why & why not the A. to be employed in disinfection

4. The Police were required to assist the plague officials in their Village work (in other States Vide Hyderabad military were employed) which they could hardly have done at first without them.

What need existed such that the police required training when they were of what work.

They are also employed on disinfection

SUBJECT 184
Sir

The Plague Commissioner
in Mysore.

With reference to your docket
No. 6826 dated 10th Instt. I have the
honor to state that

(1). The disinfecting staff now sanc-
tioned includes the whole of the staff
employed up to date).

(2). This staff has been distributed
among the Talukas according to the re-
quirements of each place. In Anekal
and Bangalore Talukas they are super-
vised by the disinfecting Inspectors,
Plague Inspectors and Hospital
Assistants. In the remaining Talukas
they work under the Plague Inspectors
and Hospital Assistants. For the
present there appears to be no
necessity for the entertainment
